How to get the most out of this report

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

UNDERSTANDING THE REPORT STRUCTURE

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card(s), and Decanate Ruling Card. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Ruling Cards do not have Environment and Displacement Cards each year. These are the A♣, 2♥, 9♥, J♥, 8♣, 7♦ and K♠. If one of your personal signifiers is one of these cards, there will not be a page about these in those sections.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

YOUR SIGNIFIERS

Your birthday associates you with one of the 52 playing cards. That card, called the Birth Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important are our Planetary Ruling Card(s) and Decanate Ruling Card. Both are derived from our Sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology.

HOW TO LOOK UP PEOPLE YOU KNOW FOR THIS YEAR

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Ruling Cards. The Planetary and Decanate Ruling Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. The Planetary Ruling Card can be found in the Love Cards book. As the person you got this report for for the Decanate Ruling Cards, which are a bit more complex to determine. And keep in mind that some people have neither of these.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling and Decanate Ruler of each person, if you know them. These additional personal significators will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships Lookup Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.)

The Relationships LookUp Table on the next page will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal significators shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3♥ female and you happen to have that card in your Mars Period along with a 5♦. This 3♥ is one of your friend's personal significators and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5♦ suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3♥ friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

SOME TIPS FOR GETTING MORE FROM THIS REPORT

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.

How to get the most out of this report

5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of The Cards of Your Destiny by Robert Lee Camp, available from Amazon.com and 7thunders.com. His other book, Love Cards, is also highly recommended, and also available.

Your Relationship Interpretation Lookup Table

Position	Keywords - Description
Mercury Period	Good communications, love to talk, share ideas. Helpful for all relationships.
Venus Period	Love, either close friendship or intimate, good for marriage or any relationship.
Mars Period	Aggression and Competition/Anger or Passion and Lust. A good marriage connection if you are a woman. Making love and/or fighting all year.
Jupiter Period	Spiritual and financial or material blessings. Very good influence for marriage or business partners.
Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you, if you accept them with the right attitude. Otherwise, it is difficult or problematic.
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. Do not try to control them this year. They come and go unexpectedly.
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. Dream come true or nightmare?
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.
Result Card	Same as Pluto but you are likely to end up with them by your next birthday, as a blessing in your life. Part of what transforms you this year but a blessing as the year ends.
Environment Card	Someone who is a protective and helpful influence to you throughout this year. A blessing.
Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

The Five of Diamonds Person

The Salesperson Card

This card has its share of challenges and its share of gifts. Like all Fives, they dislike routine and abhor anything that pretends to limit their freedom or put them in a box. They can be perpetual wanderers, never settling down for anything long enough to make it pay off. This includes their work and relationships. All Five of Diamonds have an inner restlessness, but they also want to accomplish something of value and stability in their lives. Often these two conflict with each other and it is a trick for them to find a career that gives them both. For many, sales is the work of choice. They can relate to people on all levels and this gives them great success in this area.

There are likely to be financial losses in their life and situations where their kind-hearted nature costs them a great deal. Being closely associated with the Nine of Diamonds card makes them very giving people and tells us that there are outstanding debts to be paid in this life from the past. These people are givers and love to share their resources with their family and close friends.

They are inherently spiritual and know what is of true value. The challenge comes in practicing what they know. They come into this life with a certain amount of karma which often takes considerable hard work to discharge. If they are lazy, there will be many problems. They must practice what they know and do what it takes to get the job done without shirking responsibility. If they align themselves with a higher purpose or ideal, they can become the creators of their destiny and have much more success and fulfillment. Such a strong Neptune influence creates a desire to help others as part of the life's work. If this Neptunian vision is used only to pursue their own personal desires and fantasies, it always backfires and brings pain and suffering.

Some of the Five of Diamonds Issues Concerning Relationships

These people are restless and changeable - often averse to commitment and for these reasons, many of them have difficulty in making a relationship work for an extended time period. They are attracted to those of wit and creativity and they themselves can be quite charming, but also calculating and crafty when it comes to love. In many cases, love is a mental game to them and many of them lose sight of their feelings as they get wrapped up in their analysis of love. They can be very sneaky and dishonest in this area if they choose to. At the same time, contact with books and other knowledge material about love and relationships always has a tremendous impact on them and brings them up to a higher level and more happiness.

The whole concept of marriage and the yearning for intimacy that love requires is a major challenge for them, one that they are sure to deal with a lot during the course of their life. Being a Five they don't want to return to the confinement of the "box" that marriage can represent. They want to explore and be adventurous.

All About Adam's Other Ruling Cards

The card(s) listed below are other ruling cards for the person in this report. They are just like the Birth Card and show a different side to this person's personality and karmic expression. In truth, they are just as important as the Birth Card and some individuals express themselves more through one of these cards than their Birth Cards at times. Thus a close study of these cards would be appropriate to having a more complete understanding of this person. Brief descriptions are given here, but just keep in mind that the total person is a combination of all of these cards and that each of them, along with the Birth Card, finds its expression in them.

Jack of Diamonds as Your Planetary Ruler

This ruling card gives you a lot of creative energy and makes you a playful person. Your creativity is especially good for coming up with good ways to make money and you have innate sales ability that could make you wealthy. You have a youthful countenance and will always enjoy having a good time. However, some may call you irresponsible if you let your good times become too important. You probably gravitate towards entrepreneurial work where you can put some of your ideas into action. You value your personal freedom above all else and for this reason and others may find that long-term commitments have a hard time fitting into your plans. It would take a very particular kind of relationship to meet all your needs.

The Life Spread Card governing your current 13-Year Period

Your Current 13-Year Period began on: 3/18/2018

And ends on: 3/18/2031

Your Thirteen-Year Seven of Spades Period

This period of your life is a highly spiritual period. Spiritual periods can be tough on the mundane level and highly successful on the spiritual level. Actually we have success in both areas but we must take a spiritual approach in order to do so. The challenges presented to you during this time will usually be related to health, work and the way you live your life. It is the things you do each day that will be called into question. Because this card sits in the Jupiter column of the Grand Solar Spread, there are definite blessings to be had. One must have faith to proceed into work that benefits others in order to access these blessings most. This is a very powerful time of your life when the lessons you learn will shape the rest of your life permanently.

On one hand you could find a mission for your life that you want to fulfill on behalf of humanity. You have the power now to accomplish this. But on the other hand you may be apparently forced to deal with health, work or lifestyle challenges that consume most of your time and energy. For those who are already on the spiritual path, this can be a period of great power and success. All it takes is gratitude and faith.

The underlying King of Diamonds may represent someone who will play an important role in your life at this time. Whoever they are, they will be powerful and most likely, successful in business and finance. You may even find yourself as a business owner and this card guarantees a certain amount of success.

Jupiter's blessings are upon you now but you cannot have fears or negative lifestyle expressions. If you are ready to move into the New Age of enlightenment, now is the time!

This section is all about the cards found in your Birth Card Card Spread

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

The Long Range Card for your Current Seven Year Period

Your Current 7-Year Period began on: 3/18/2021

And ends on: 3/18/2028

The Jack of Diamonds as Your Seven Year Long Range Card

This is the salesman's card and also the card of the successful entrepreneur. If these areas interest you, this is the period in which you could apply yourself to achieve much success and prosperity. You will have many opportunities to put these qualities to work in your life and they could do a lot for your pocketbook. Actually, this creative energy can be applied to any work or business you are involved in with success, so think of ways you could use this. Everything involves selling of one sort or another. Watch a tendency to avoid taking responsibility or to stretch the truth to suit your needs which are other aspects often associated with this powerful card.

This card can mean that you get involved as a salesperson yourself at some point during this cycle. Your powers to promote things you believe in are at an all time high. Use them for greater prosperity and happiness in your life.

One other possibility is that there will be a younger male who is a Diamond birth card who is a major focus of your attention during this seven years. This is neither positive or negative, just important.

The J♦ has another important meaning for those who are interested in the spiritual side of life. It often represents an initiation into higher values. This could mean that you are exposed to some new ideas or philosophies that could radically change the things that you want out of life. This could, in turn, affect your job or occupation in a big way.

About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading. Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, just represents where your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♣, 2♥, 7♦, 8♣, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Pluto and Result Cards This Year In Your Birth Card's Spread

The Jack of Diamonds as the Pluto Card

This year you are wanting to be much more creative and successful in your business. Perhaps you are needing some good business ideas because things have gone stale lately. Or perhaps you are just desiring to make more money and need some good ideas and creative ways to generate more income. It will be a challenge for you but your goal is in sight. To achieve this goal you will have to make many changes in the ways you are doing things. You will also have to take full responsibility for the success or lack of success in your life.

The Jack of Diamonds is a member of the royal family, a leader, and you will have to assume creative leadership to achieve your goals this year. It is called the 'salesman's card' and thus we usually get this card at times when we are either learning to promote ourselves and our products or when we actually do some selling for others. Along with all the Jacks comes the immature or dishonest aspects and you may find yourself dealing with these aspects as well this year. Immaturity or shirking of responsibility will not get the results you want.

Your Result Card will further describe this need for creativity this year or tell you who is involved in this challenge you have set before yourself.

Affirmation:

I transform myself to become more financially creative and successful this year. **I** begin an new and better life in my relationship to money and prosperity.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

The Three of Hearts as the Result Card

Somehow, the result of your efforts this year will be that of having more friends and perhaps lovers in your life. You have been developing your ability to meet others, to communicate and share yourself. The three is a number of expression. Put that three in Hearts and you are developing your ability to express your feelings and emotional and romantic needs.

As you complete this year, you will find that your efforts have paid off. However, if you cannot handle having so many people in your life, you may experience indecision and worry over love. Look at your Pluto Card to give you more details about this.

Affirmation:

I am getting clearer about what **I** want in relationships through experimentation. **I** end up with two love interests and a better ability to express my feelings to others.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Your 52-Day Saturn Planetary Period Cards In Your Birth Card's Spread

Begins on 10/12/2022 and ends 12/3/2022

About the Saturn Period Cards

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Direct

The Eight of Clubs in the Saturn Period

This influence brings you the power to overcome illness or adversity through the application of knowledge. Through hard work and patience you can accomplish a great deal now. This is a good time for constructive self-development. Under this influence you may experience some problems in relationships due to your own fixed opinions or ideas. Also this is an unfavorable influence for gambling or speculative investments.

This card is such a strong influence that it will override any negative influences present during this period. Even if your other Saturn Card were one of challenge or problem, this card guarantees that you will have a successful outcome and an overcoming of difficulties.

Vertical

The Five of Spades in the Saturn Period

Health issues or a journey caused by someone's illness, may cause a change in your job or home during this period. A change in career or work will involve more work and some problems though it may be unavoidable. Changes tend to bring more harm than good now though you may not be able to avoid them as they may be necessary for other reasons. This card can also represent a change in your health condition (for the worse) or a visit to a doctor.

This would not be a good time to take a vacation or travel so try to schedule any trips either before or after this period. The only exception to this would be if you have a very strong card as the other Saturn Card, such as a four or eight, which could bring satisfactory results with minimal struggle.

About the Uranus Period Cards

After the often grueling struggle of the Saturn Period, the Uranus Period usually comes as a welcome relief. Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Things often happen unexpectedly in Uranus or the things that happen have an unusual quality about them. Our Uranus Cards often foretell the success or failure of our relationships at work or in other circles.

Direct

The Queen of Hearts in the Uranus Period

This influence can bring an unexpected or unusual marriage or romantic encounter. Kinky sex is also indicated. Your romantic or marriage partner may seem a bit unpredictable now. This is the time to allow some freedom in your personal relationships and to let go of attachments. Perhaps you need a little space yourself. You can access high levels of being together if you give each other plenty of breathing room and the freedom to be yourselves. Create some space.

Any women of the Hearts suit may seem to be somewhat unpredictable during this period, and to a lesser extent, for the entire year. To insure success in your relationships with them, it would be best to just step back and allow them to do or be whatever they need to. A good friendship comes from unconditional love and acceptance.

Vertical

The Jack of Spades in the Uranus Period

The 'Actor' or 'Rip-Off' Card's presence in your life this period warns you to be cautious in several areas. One is in real estate matters and the other is in your work area with co-workers. Watch yourself and your belongings carefully. At the same time, your creativity is at an all time high and some of the ideas that you come up with could be well ahead of their time and successfully applied to your work or business for more gain.

On spiritual levels, this card could indicate your beginning a new lifestyle, one that is more in line with higher spiritual principles or philosophies. This is the card of initiation into a higher life.

Any Spade males that you know may be acting strangely now, or leaving you feeling uncertain about their intentions or commitments. It would be best just to let them go their own way and maintain an open friendship.

Your 52-Day Neptune Planetary Period Cards In Your Birth Card's Spread

Begins on 1/25/2023 and ends your next birthday!

About the Neptune Period Cards

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Direct

The Jack of Spades in the Neptune Period

Though this card promises much creative power which could be applied to most any area for success, it is also a cautionary note to beware of deception and rip-off, especially in connection with a foreigner or man of the sea. Spiritually this could be a very important time for you as inner revelations lead you to an initiation into higher levels. However, on the mundane level beware of those who may appear to fulfill your dreams, but they really do not.

Any younger men of the Spades suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. You could easily project your fantasies on them, romantic or otherwise. Therefore it is best not to make any important decisions related to them until after your next birthday.

The Auspicious Cycles and Event This Year In Your Birth Card's Spread

You have at least one great Money Card this year

Experience has shown that the best money cards are either the Seven, Eight or Ten of Diamonds in the Jupiter period. And you have at least one of them this year. We are listing this here because your great money card is the direct card in your Jupiter period. As a vertical card it may or may not have the same power.

If you are seeing this card in advance of your Jupiter period, you have some time to prepare for that period and do things that will maximize the benefits of it. Imagine that during your Jupiter period that money is going to fall down from the sky. The only thing that limits how much you are able to collect is the number and size of the 'baskets' you have to collect with. Those baskets are the ways that people can give you money. This would normally be how many goods and services are you offering others and what is the price of those goods and/or services. If, before your Jupiter period, you can expand the number of goods and services, and offer some that are higher priced, you stand a much better chance of reaping the rewards of this special influence.

About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading. Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, just represents where your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♣, 2♥, 7♦, 8♣, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Long Range Card This Year In Your Planetary Ruling Card's Spread

The Ace of Hearts as the Long Range Card

This will be a year of much love activity for you. The A♥ as your Long Range Card could indicate the beginning of one or more important personal relationships. This card is also the card of childbirth and could indicate that a new member of the family is about to arrive or that the topic of childbirth assumes a much greater importance this year. Often the Birth Card of the child turns out to be one of the parents Result Cards, so you may want to check this.

The A♥ indicates a motivation for love and affection that gets you out of your social complacency. It is a very stimulating influence, one that makes you the initiator of relationships. It may be that you have been a long time without a close relationship and this is the year you begin to explore having an important someone in your life. In any event, this powerful card usually indicates one or more new relationships forming, and among them, at least one very important one.

On a deeper level the A♥ represents a year of soul-searching. One must ask one's self, 'what is it that I truly love?' and 'what or whom brings me the greatest happiness?' The A♥ Long Range is often a year of answering that question in order to achieve a deeper sense of contentment in one's life. It pertains to love for sure, but also to other parts of your life. If you take time this year to examine the life you have lived and question its ability to make you happy, the A♥ can bring you the knowledge of yourself that will take you in a different, but much better, direction.

Keywords:

A desire for love and affection, initiating new love relationships and love affairs, the birth of a child. A year of searching one's heart for true satisfaction.

Your Pluto and Result Cards This Year In Your Planetary Ruling Card's Spread

The Nine of Clubs as the Pluto Card

This year could either be very uplifting and fulfilling or it could be fraught with disappointment and painful endings. In one way or another you will be challenged this year to let go of outworn concepts, ideas, and ways of thinking and communicating. You may even end a certain type of career or profession in preparation for starting something new. Any of these endings may be difficult for you to digest or allow. The more you resist the changes that are occurring, the more pain you will suffer. You will have to let go this year to make way for the new beginnings that will be occurring next year. This is graduation year. Isn't it funny how we sometimes resist leaving things?

In all likelihood, all these endings are good for you in many ways. This card tells us that you have reached a pinnacle and place of completion in one or more important areas of your life. This will be a year of tying up loose ends and saying good-bye to certain parts of yourself that are no longer helping you. However, our minds often have a hard time letting go.

On a more positive side, you could be developing and learning much in the way of spiritual knowledge. This education or sharing of ideas could prove an invaluable experience that broadens and enriches your perspective on life. Your Result Card will further clarify the areas in which you are having endings and more universality or point to a person who is intimately involved in the broadening of your mind.

Affirmation:

I am letting go of limiting concepts and ways of communicating and adopting more universal thinking.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

The Seven of Diamonds as the Result Card

One of your major challenges this year will be to overcome worry or concern about money. If handled successfully, you may end up this year with more money than you ever have imagined. This may not be an easy task as you may have to dismantle old attitudes and beliefs that tell you that your financial status is controlled by forces outside of yourself. As you reclaim your power, your Pluto Card will be there to guide your way.

Success with the Seven of Diamonds requires that we carry on with our work and our life in spite of financial conditions that may be less than ideal. It also requires that we exhibit trust and faith that everything will be fine. The best tool at your disposal to get the highest and best manifestation from this powerful spiritual influence is gratitude.

Affirmation:

I am learning to achieve fearlessness about my finances and to trust in the abundance of the universe.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Your Environment and Displacement Cards This Year In Your Planetary Ruling Card's Spread

The Six of Diamonds as the Environment Card

This is a year when the most benefits come from sticking to whatever it is that you have been doing in your work. Though you may receive some financial payback from others, don't expect many changes in your work or business. Instead, find ways to improve or to get more out of what you are already doing if you want the most success. Also, being honest and responsible with all your financial debts and dealings will bring additional blessings.

You are displacing the Ten of Hearts this year.

This year brings a certain amount of good fortune related to the public. This is an especially good card for those in the artistic, musical or acting fields but also has benefits for all of us on the social level. You may find yourself with many opportunities for social or group involvements in which you have a lot of fun and receive some recognition. This influence can also be used to promote yourself or any businesses you are involved in now.

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

Direct

The Three of Hearts in the Mercury Period

Don't be surprised if some situation comes up unexpectedly during this period that leaves you perplexed about love or friendship. You may receive two offers at once or someone new comes in that you find immensely attractive and gives you some cause to doubt your existing relationship. This is also an influence that means immaturity in love and fickleness of the affections. Don't let your mind run away with your heart now. It may be hard to catch later.

Your other Mercury Card may indicate the person or situation in which you are feeling indecisive about. The good side of this card is that you have the desire and motivation to meet new people and to express your feelings, especially feelings of love and affection. This is a great influence for getting socially involved and making new contacts in either work or pleasure areas.

Vertical

The Five of Clubs in the Mercury Period

During this period a sudden change in mind brought about by a short trip or some unexpected news is likely. You may take many short trips or make an unexpected journey or move, possibly due to your own impatience. Don't let restlessness drive you crazy, it may just be that some change is overdo and will bring about many improvements in your present situation. Advice from friends may be helpful now.

About the Mars Period Cards

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

Direct

The Two of Diamonds in the Mars Period

This represents a partnership for money with a male or a lawyer, or one that is aggressively pursued. This could also be a meeting with a male regarding money and possibly about some legal matter. Watch out for too much aggression and bossiness in business deals, especially with friends. This is a great influence for finding venture capital and for using your wits to make successful financial deals.

Vertical

The Ace of Hearts in the Mars Period

Mars' aggressive nature will cause you to be energetically pursuing friendships and/or lovers during this period. Men may be more stimulating at this time but in any case you will be the initiator of relationships. This stimulating influence could help you make new friends but guard against emotional impatience and an over-sensitive ego that may thwart your own desires to be with another. Your 52-Day Saturn Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 10/12/2022 and ends 12/3/2022

About the Saturn Period Cards

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Direct

The Six of Hearts in the Saturn Period

During this period you will be face to face with the results of your words and deeds, especially in the areas of love and friendship. This card often brings one or more karmic relationships throughout the year and many lessons about taking responsibility for our actions and sexual expression. The net result of this period will be more maturity, knowing that what you give is what you receive. This will lead to more success in relationships later.

We often are unaware of how we are acting or how our acts and speech are affecting those around us. The Six of Hearts in Saturn will serve to increase your awareness in these areas.

Your other Saturn Card may define who you could have a karmic relationship with or tell you more about the relationship challenges that may occur during this period.

Vertical

The Nine of Spades in the Saturn Period

This is a strong indicator of illness, either you or a friend. This may be lingering and hard to diagnose and may interfere with work or other plans. Care should be taken in minding your health. This is one of the most difficult of influences, one that represents an important ending to part of your life or lifestyle.

This card can also indicate the ending of a job, relationship or other important area in your life. Your other Saturn Card may tell you what will come to an end during this period. Because of Saturn's influence, it is likely that you will resist this ending more than you would in other circumstances. This card usually indicates something in our lives that really is not good for us that has been hanging around much longer than it should. The death of this issue, regardless of what it is, usually comes hard in Saturn, but great healing always follows.

Also bear in mind that the difficulties or challenges indicated by this card could be offset by a strong card in the other Saturn position, for example any of the fours, eights or tens.

Your 52-Day Uranus Planetary Period Cards In Your Planetary Ruling Card's Spread

About the Uranus Period Cards

After the often grueling struggle of the Saturn Period, the Uranus Period usually comes as a welcome relief. Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Things often happen unexpectedly in Uranus or the things that happen have an unusual quality about them. Our Uranus Cards often foretell the success or failure of our relationships at work or in other circles.

Direct

The Five of Spades in the Uranus Period

During this period you will have a change of some importance. This could be a change of profession or a change in the labor force of a business. This is also a strong indicator of a sale of real estate or a change of residence, both of which might be unexpected. Changes or travel that happen now may happen unexpectedly and may leave you feeling somewhat insecure or unsettled. These changes are most likely overdue and beneficial in many ways.

Vertical

The Three of Diamonds in the Uranus Period

This influence can bring indecisiveness and insecurity over labor relations, a real estate deal, or your job. On the other hand, you could get a lot of great ideas for how to make more money and actually branch out in new directions for greater success. You may not be sure that the work you have been doing is the best for you. Your hunches and intuitions relating to money matters may have you somewhat confused at this time though you do have a lot of good ideas. Whenever there is a strong creative energy present like this one, it is up to us to use it to our advantage by accentuating the creative side of it and now allowing ourselves to get too worried.

Your 52-Day Neptune Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 1/25/2023 and ends your next birthday!

About the Neptune Period Cards

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Direct

The Nine of Diamonds in the Neptune Period

This influence can bring a loss of money related to travel, foreign interests, drugs and alcohol, or by deception. A trip now could prove to be much more expensive than you had planned and may not bring as much enjoyment. Even under the most favorable of circumstances, one should always be careful in all financially related dealings with this card present. This is especially true during this Neptune period, where miscommunications are more likely to happen.

This is an excellent influence for giving money to the poor or helping others out financially with no expectation of repayment.

It is entirely possible that a longtime cherished dream, project, job or possession of yours could come to an end or be lost during this period. This could be something that you have been worrying about losing from time to time this year. If so, don't be afraid or disappointed. This ending is actually the best thing for you and everyone else in your life. Let it go and many new and better things will soon come to replace it.

BOOK OF DESTINY

The Auspicious Cycles and Event This Year In Your Planetary Ruling Card's Spread

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread or one of your Ruling Card spreads. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it and are seeking a deeper direction for their life's work.

This influence is most favorable when the Six is the Long Range, Environment or Result (Cosmic Reward) Card. If it is the Pluto or Displacement Card, it will require more of your energy and attention to manifest itself. You will need to be conscious about asking for this direction and keep that in the forefront of your mind throughout the year. In the other placements, it will just more or less come to you.

Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to know. If you are not that interested in knowing more about your life's direction, this will probably manifest itself as a year of steady progress towards existing goals. This information, this knowing which direction you should go, is something that you cannot make happen. It will just occur to you. So, your only job is to stay tuned and listen. Your inner voice will affirm it when it appears in front of you.

Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth, they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Check the exact location of this Nine or Nines. The Pluto and Displacement positions will likely be more difficult while the Long Range, Result and Environment will be easier and probably more welcome.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes, we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your
